Subject: request for information on the EIB beneficiary

Dear Sir/Madam,

on the EIB webpage I found the following project summary:

<http://www.eib.org/projects/pipeline/2008/20080197.htm>

It says that the beneficiary of the project is a leading steel producer. According to the Public Disclosure Policy, the project summary should include the name of the project promoter. I would like to request the Bank to provide me with the name of the promoter and also explanation why this information is missing in the project summary.

Kind regards,

Anna Roggenbuck
